

Vafle

| | |
|-------------------|---|
| Definition | <p>At the turn of 2005 and 2006, Wafle Two had a facelift. It was necessary to carry out some minor corrections in the proportions and weight of the upper case, lower case and numerals. Missing glyphs were added to the character set, along with accented characters or most Latin script languages. The resulting face was finally named Vafle Classic. Similarly, its stencil version, Vafle Stencil, adopted the new and complex morphology. The family was further augmented with a number of new members. Vafle Blindy has filled-out counters, Vafle Scratch features scratches and Vafle Shadow casts an elegant shadow. This last variation can be used independently or in combination with Vafle Classic. In the monospaced version, Vafle Mono, all the letters take up exactly the same width. Vafle Tape's corners are angled instead of rounded, as if the characters were constructed with folded tape. Vafle Small Caps enhances the family with a set of small caps which have the exact same x-height as the lower case, thus allowing unicas setting by combining it with the Vafle Classic lower case. Vafle Condensed and Vafle Extended are – typically – condensed and extended iterations of Vafle Classic. Vafle Egyptienne features square slab serifs, adding a slab variation to this sans serif family. Arrows, frames and other assorted glyphs are accommodated in the Vafle Picto font.</p> |
| Basic info | <p>Number of fonts in a family: 12 (Blindy, Classis, Condensed, Egyptienne, Extended, Mono, Picto, Scratch, Shadow, Small Caps, Stencil, Tape) Number of glyphs per font: 406, 172 (Picto) Release date: 2014</p> |
| OpenType Features | <p>Fractions (frac) Localized Forms (locl) Case Sensitive Forms (case) Standard Ligatures (liga) Slashed Zero (zero)</p> |
